## Board To Offer Alternatives On Site For Landfill

The selectmen will make a recommendation to the town as to a new dump site, but the ultimate decision will be up to the voters at the town meeting in October.

That was the decision arrived at Monday night by the board which approved a resolution which calls for board of health hearings on the two recommended dump locations with recommendations and findings due by the end of June.

The selectmen have decided that while they will make a recom-

mendation as to the choice of either Lowell Junction industrial property or the Cyr-Croningravel pit off Woburn street, the town meeting warrant in October will contain an alternate. In this way, should the board's recommendation be rejected, the alternate site can be chosen by the town.

The board conducted a hearing of sorts on the dump matter and heard the feelings of abutters to the proposed dump locations, the majority being from the Woburn street area.

The town must choose a new site since the state has ordered the present dump closed by October. Local officials are attempting to obtain an extension beyond that date.

In addition to the local board of health hearings, state health authorities must also be contacted and a decision given as to the feasibility of using either of the two sites to comply with state regulations.

The selectmen said they would make and announce their decision following receipt of the local and state health authorities.

Also to be considered are cost factors.

The board has requested appraisals of both sites and it was pointed out at the Monday night session that the Lowell Junction property is expected to be expensive, in view of its industrial category.

## Accepts United Nations Post

An Andover man will be leaving soon to accept a United Nations position serving in Southeast Asia.

William J. Towle, 301 Salem St., who has been a section chief at AVCO Corp., in Wilmington, has been appointed a project management officer for the World Health Organization.

He will be engaged in long range planning and assisting in management practices for the entire Southeast Asian area.

Towle will be leaving Andover, with his family, about the first of July to take up residence in New Delhi, India, to carry out his new duties which he describes as challenging.

The bachelor and master's degree recipient from Massachusetts Institute of Technology, applied for the position about a year ago, seeking the challenge and the desire to help mankind.

Earlier this year, he was informed of the opportunity and this past week received formal

William J. Towle

appointment to the UN post.

A Fulbright scholar, having studied at Delft in the Netherlands, Towle has had a desire to see the world and feels that his new assignment will also

satisfy his avocation of hiking, his new surroundings being conducive to such activity.

His assignment will make him a resident and International Civil Service employee for a minimum of two years. He will be performing his management assistance duties in a variety of countries, including Pakistan, Thailand, Mongolia.

Earlier this year, Mr. Towle was named a Sloan Fellow at M.I.T., a program designed to provide young executives a full 12 months of intensive study in advanced management study at the graduate level.

He was faced with the decision of whether to accept the fellowship or the U.N. post and chose the latter.

He and his wife, Faith, have two children, Andrew, six and Steven, five, who are just beginning their schooling and will continue their studies in India in American International schools.

## School Administration Restructuring Planned

A restructuring of the school administration has resulted in a call for applicants for a newly defined position of assistant superintendent of schools for curriculum and instruction, research and development.

Supt. of Schools Dr. Kenneth R. Seifert explains that the opening, posted in the schools on Tuesday, is created by the retirement of Mrs. Dorothy Partridge, teacher-administrator.

Dr. Seifert said the administration is seeking someone with secondary school administrative experience to facilitate a new emphasis on secondary school program development.

To accomplish the restructuring, Asst. Supt. Vaughn Clapp will become personnel manager for the system and Jack Berberian, supervisor of general services will become business manager.

Clapp will be in charge of all personnel and hiring, all pupil services, guidance, mental health, remedial reading, speech and hearing, nursing, dental hygiene, learning disabilities, special education and student job placement. He will also be in charge of the staff inservice programs.

Berberian will remain in charge of accounting, purchasing, custo-

dians, cafeteria, transportation and maintenance of buildings and grounds.

The change is in line with school committee and administration thinking.

Earlier this year, School Committeeman Dr. Richard A. Katz voiced the board's desire to stabilize elementary school programs following a period of change and updating and concentrate on secondary school programs. The aim was to insure continuous pro-

High School sophomore Diana Mulcahy was honored for winning a national prize on an advanced French examination, in an awards ceremony Friday at Concord-Carlisle High School.

Diana is New England Regional Winner, and placed seventh in the United States and two Canadian provinces, on the fourth-year French examination, special category, of the American Association of Teachers of French.

She won in competition with 10th, 11th and 12th graders from across the country who are taking fourth year French, and have had some exposure to the language before meeting it in school.

West Junior High school French students brought an award home

to their school from the same Concord-Carlisle ceremony. West Junior High had more winners and placers on the AATF French exam than any other junior high school in Eastern Massachusetts. Three seventh graders took two firsts and a third for West Junior High on the seventh grade first year French exam.

Thomas Jacobson won first prize in the AATF exam for seventh grade first year students, special category, for students who have had previous exposure to the French language. His examination also placed in the New England Regional competition in the same category.

Patricia Foner won the first prize in Eastern Massachusetts in the regular first year examination for seventh graders, and Diane Syiek won third prize.

The high schools national-award winner in French is the daughter of Mrs. Edythe Mulcahy, 80P Hamilton House, Washington Park

Drive; this is their second year living in the Andover community.

Diana says her mother speaks French, and they lived in France for a year just previous to their move to Andover. This is the "previous exposure to the French language" that puts her into the special category competition. The high school placed her in the fourth year French class as a sophomore, because of this background, and are delighted with her achievements in the class, and against older competition in the AATF examination.

Elective courses offered by the French department are Diana's choice for her junior year. She will be taking a semester course in 20th Century French Culture and another in the 19th century French novel next year.

The AATF exam prize winner has a keen interest in history, and the foreign service looks to her like a career that would combine her strong interests and use her talents.

Jeane Dixon

## Jeane Dixon Speaker For Institute

Jeane Dixon, internationally-famed psychic, will give her predictions of future national and world events on Friday evening, June 2 at East Junior High School in Andover.

The talk, sponsored by the International Institute of Greater Lawrence, will begin at 8 p.m.

Frequently referred to as a modern-day prophetess, Mrs. Dixon has startled the nation for over 25 years with her amazingly accurate forecasts. Among her famous predictions-come-true: the assassination of President John F. Kennedy, Mainland China's admission to the UN, and the 1963-64 racial eruptions in cities across the country.

Mrs. Dixon's latest book, The Call to Glory, looks at the next 28 years. In it she predicts "new advances in science" which include a cure for cancer in the near future, a "catastrophic earthquake" in 1980, and a "new Judeo-

Christian religion that is to be the spiritual faith of the era, beginning about the first half of the next century."

In addition to her books, Mrs. Dixon writes a daily column called "Your Horoscope" which is syndicated in newspapers throughout the country and abroad.

Much of the proceeds from her writing, lectures and guest appearances goes to help children born with physical and mental handicaps. Concern for their rehabilitation led to her founding of the philanthropic organization, Children To Children, Inc.

In addition to the June 2 "Evening with Jeane Dixon," the International Institute is also holding a luncheon in her honor at 1 p.m. the same day at the Lanam Club. Mrs. Albert P. Manzi of North Andover is luncheon chairman.

Both afternoon and evening events are open to the public. Tickets for the lecture may be obtained at the door.

Proceeds will be used to support activities of the Institute, a non-profit organization dedicated to helping the foreign-born participate in the social, economic and civic life of the Greater Lawrence community. Services provided include employment, housing, clothing, health, nutrition, language classes and personal counseling.

For more information on the luncheon or lecture, contact the International Institute, 430 North Canal St., Lawrence.

## 46 Species Of Birds Observed

The Merrimack Valley Bird Club in conjunction with the Mass. Audubon Society held its fourth walk of the season on Sunday morning, May 21. Considering the weather the previous day, 26 brave and hardy hikers met at 6 a.m. and managed to see 46 different species of birds around Stearns Pond in the Harold Parker State Forest.

Highlights of the trip included a Tennessee Warbler which was determinedly making its way northward to Canada. The Yellow-throated Vireo an uncommon bird in this area is always a special bird on this trip each year as it nests only in the Harold Parker State Forest in the Merrimack Valley.

The group had a rare opportunity to observe closely a female Ruby-throated Hummingbird as it sat perched on a low bush absorbing the early morning sun. The rapid drumming noise produced by the wings of the male Ruffed Grouse as part of its mating ritual resounded from the forest. Thirteen different species of warblers were seen during the trip.

The last trip of the year will be held on Sunday, May 28 from

6 - 8 a.m. around Haggett's Pond. The group will meet on High Plain Road on the west side of the Route 93 bridge. The leader will be Winthrop Newcomb. He will be assisted by Albert Retelle, Ronald Valentine and Mrs. Dana Duxbury.

### CAR TALK

#### DRUNK DRIVER AND JACK THE RIPPER

Knowingly getting in the way of a drunk driver is like inviting "Jack the Ripper" to a ladies' sorority. Both are potential killers. But the drunk kills on a much grander scale over 25,000 victims a year.

One common method of extinction used by the drunk driver is dozing off at the wheel, veering across the centerline and crashing head-on with an oncoming car. What if this situation would happen to you - what would you do?

Safety experts advise you to assume that the driver is drunk or has fallen asleep - or both. Blow your horn and, at night, flash your headlights. The combination of noise and lights may awaken him. If he fails to respond, pull over to the side of

the road and let him pass. Above all do not steer into his lane to avoid him. He might swerve back into it or the car following him might get you.

### Concert On Wednesday

The Andover High School Music Department will present a Contemporary Concert Wednesday, May 31, in the High School cafeteria at 7:45 p.m.

Music in the present day style will be presented.

Groups involved will be the stage band and concert band, conducted by Alfio Graceffa; A Capella Choir; Madrigal Singers, conducted by Keith Gould and J. Everett Collins with accompanist Mrs. Maxine Calt.

The public is invited and there will be no admission charge.

### Youngsters Plant Trees At West

West Elementary school students in the class of Mrs. Anna F. Walsh recently participated with the Village Garden Club in planting a variety of flowering trees on the grounds and inner court of the school.

The trees were chosen from the collection of Harvard University's Arnold Arboretum. The flowering crabapple tree is a new variety developed in celebration of the arboretum's 100th anniversary.

Mrs. Earl MacKenzie served as chairman for the garden club to co-ordinate the project.

**MUSIC MAKERS.** Doug Lee, left, a postgraduate student at Andover High school, made his own guitar and is now a member of the "Carbs" musical group, which also includes drummer Joe Elmi.

## His Music Is Home Made

By Susan E. Beroz

A post-graduate student at Andover High School, Doug Lee, is on his way to becoming an accomplished musician.

Nineteen years old, he's been in at least ten "rock" groups and composes his own music. Or as he calls it - muzax. Besides singing, he plays a variety of instruments; from an electric guitar to a mandolin.

He became interested in music

at a very early age. As he commented, "I started singing when I was a year and half old while listening to may Davy Crockett record."

When he was thirteen, Doug started to play the guitar, the "beginning" of his "career."

As fate had it, his guitar fell apart and he didn't have enough money at the time to purchase a new one. After talking to Jim Cowdery, another student at AHS, he decided to make his own. Quite an accomplishment for a young musician. One week later, the guitar was finished.

The group he is in now is called the "Carbs." Doug emphasized that "we are a different type of group - not the usual high-school type." They write most of their music together as a "community project."

Music is his main interest, yet he has developed a liking for art. This was the main reason he returned to school.

As for music, he is mostly concerned with "experimental composition."

His plans for next year are indefinite at the moment. They will include college or playing in a group or going to India.

Wherever Doug Lee goes, his guitar will certainly follow.

## Final Events Planned For Cub Pack 72

Cub Pack 72 will hold two final events this year. On Monday, May 29 the boys will march in the Memorial Day Parade and on June 10 will hold a Father-Son overnight camping trip.

For the parade all Cubs and Webelos are asked to assemble with their Den Mothers and Leaders in the Purity Supreme parking lot at 9 a.m. Scouts are required to wear full uniform.

This year the Cub overnight will be held at Camp Onway in Raymond, N.H. A caravan will assemble at 12:30 on Saturday, June 10 behind the Free Christian Church. Each boy must be accompanied by his father. If this is not possible, please contact Mr. Boucher or Mr. Powell to have each boy assigned to another adult. Boys not accompanied by their fathers must present a signed release from their parents. Fathers should drive. Campbreaks around Sunday noon. There will be a nominal charge per person to offset the expense of the Saturday evening cookout and Sunday breakfast. It is suggested that a box lunch be brought for Saturday.

Please bring your own sleeping bag, poncho or any other gear felt necessary. While there is adequate tent shelter, individuals with their own tents are encouraged to bring them. Any father who would like to bring a tent type trailer may do so but should contact Mr. Boucher as soon as possible. All Cubs should advise their Den Mothers and Leaders whether they plan to attend.

## 'Cruising' The Mediterranean

FRENCH CAN CAN dancers at East Junior High's International Festival were, front, Judy Whitton, Kyle Thompkins, Sharon Donovan, Meg Bartow. Back, Elayne Chalifour, Chris Reddington, Ophelia Trujillo, Carolyn Ramsdell, Sally Francis.

East Junior High's International Festival took the form of a Mediterranean cruise this year.

Over 125 students and guests were aboard May 18 when the cafeteria was transformed into a cruise ship, named the S.S. Partridge in honor of retiring Teacher - Administrator Mrs. Dorothy Partridge, who has been Latin teacher, assistant principal and principal of East Junior High.

Spanish teacher Miss Noella Gonzalez superintended the fitting out of the cafeteria as a cruise ship which took its passengers to Capri, Valencia and Marseilles.

At each port, a few slides set the local scene, murals gave local color, and were backgrounds for many skits, dances and songs of the region. Each of the more than 100 students present participated in some form of preparation or an entertainment. Elayne Chalifour was student choreographer,

Lisa Provost was master of ceremonies and the Troubadours, a group of French singers trained by Mrs. Niclock, entertained the voyagers throughout the voyage.

In Capri, Mrs. Sandra Chupas' students presented a Latin skit of Ulysses' Return, with Lisa Spiegel supplying the verbal English subtitles. Elayne Chalifour was a Vestal Virgin, dancing with torches in the darkened main cabin of the ship.

Valencia was the scene of a spirited Flamenco dance, coached by Miss Gonzalez, performed by graceful seniors and senioritas in colorful Andalusian costume. Guitar playing and the traditional hand clapping accompanied the dance.

In Marseilles, Mrs. Anne Johnson's French students offered two silent scenes from Dumas representing the dramatic escape of the Comte de Monte Cristo from the

Chateau d'If. Laura Zimmerman narrated the play. An amusing skit, "Le Nouveau Locataire," followed. The last French offering was a lively can-can directed by Elayne Chalifour.

The shipboard party was in costume, and the judges chose the costumes of Cary Caldwell, Joe Caffrey, Laura Lindsey, Cathy Sagaser and Brenda Nason as most outstanding.

Gifts were presented to Mrs. Partridge by Lisa Spiegel, Latin Club secretary, and to Mrs. Suzanne Coates, head of the foreign language department, by Joann O'Brien, president of the cercle francais.

The culinary offerings were a melange of European tastes, supervised by Miss Elayne Bregman. The Latin Club students brought unusual hors d'oeuvres; the French Club contributed the patisserie Francaise and cafeteria Director Anthony Mangefest concocted the main dish, arroz con pollo.

Roman slaves and French waitresses served the meal to the crowds of cruise passengers on a most successful cruise, where weather and entertainment were par excellence.

## Advertising Bags May Be Banned

A bylaw may be presented to the town at a future town meeting barring the distribution in Andover of advertising material contained in plastic bags.

The selectmen were asked Monday night to take action against a firm which has been distributing such material in town and leaving them exposed on doorknobs and mailboxes.

John Gail, of South Main street told the board that he had written to the firm and requested that the material be stopped. The selectmen and town manager have also requested the company to cease delivery to persons requesting that the material not be left.

It was pointed out that the dis-

tribution represents a threat to security, the container on the doorknob indicating no one at home. The selectmen said they would again write to the firm and also consider the possibility of introducing a bylaw prohibiting the distribution of such material. It could be presented to a town meeting at some future date the board felt.

## NIXON'S ADDRESS TO THE NATION

AN ANALYSIS BY THOMAS REES

All too often we have heard a man speak for peace while he expands a war. President Nixon has just done this again, in his speech to the nation on May 8, 1972.

He has spoken of a massive invasion of the southern part of Vietnam by an army of Vietnamese, but he does not tell the American public the extent of our own invasion by airplanes and bombs. He does not mention that if he had truly had a plan to end the war, there would be no fighting at all today.

He observes the tragedy of 20,000 civilian casualties, including women and children, shelled by the North Vietnamese "in wanton disregard of human life." But his conscience is clear about the innocent people he has bombed from the air with fire, antipersonnel pellets, and booby traps. His victims number a million or more.

He claims that he is willing to look at all possible approaches to a rapid solution to the war, yet his envoys in Paris, by their own admission, are unwilling to look at Vietnam's tragic past or try to understand Vietnam's present in terms of the past. If, in truth, he had been willing not only to look at all possible solutions but to act on the best one, he would have been able to end the war long ago.

He accuses the enemy, in Paris, of using bombastic rhetoric and replaying their demands for surrender. In view of the massive killing and destruction Nixon has wrought in Vietnam, the "enemy" undoubtedly spoke to Nixon's envoy with far more courtesy than he deserved. Furthermore, Mr. Nixon is deliberately confusing the American public when he says that the Vietnamese are demanding our surrender. Total withdrawal is not surrender, and the President knows it. Surrender would include a ceremony in which our generals would hand over our arms and men. The Vietnamese are not asking for anything like this. They merely want us to leave them alone, so that they can be a free, united country. Our armed forces would remain intact, still fully equipped, undefeated, with no loss of honor at the hands of the Vietnamese.

Mr. Nixon says that he authorized Kissinger to talk, at the May 2nd meeting, "about every conceivable avenue toward peace. The North Vietnamese flatly refused to consider any of these approaches." Mr. Nixon and his advisors need to broaden their powers of conception. Anybody who knows the history of that part of the world and who has a spark of humanity in him can come up with an acceptable and workable plan for peace.

Mr. Nixon claims that he has offered the maximum that any President of the United States can offer. This is a clear admission by him that we need a new President.

He has offered new elections to the Vietnamese, forgetting that we have already given them fraudulent elections on at least four occasions. One more will do them no good, and they know it.

He accuses the Vietnamese of escalating the war every time we have made a peace offer, but he does not tell us how much he has escalated the bombing during the months from Christmas to today.

He suggests that if we leave, the South Vietnamese will suffer a long night of terror, but he neglects to mention that they suffer an even greater terror while we are there, bombing them more horribly than any people have been bombed in the history of man.

He promises to do whatever is required to safeguard American lives and American honor, after he has stained and besmirched our honor by deliberately using weapons specifically designed to cause cruel, painful, untreatable

wounds in the civilian population, including women and children. He has destroyed our honor, and we stand guilty before the world.

He accuses the North Vietnamese of wanting to impose a communist regime on 17 million people in South Vietnam who do not want a communist government, whereas Mr. Nixon himself imposes the Thieu government on 17 million South Vietnamese who do not want a Thieu government.

He states that by simply getting out, we would worsen the bloodshed, whereas in actuality the bloodiest hands are ours.

He sees only one way to stop the killing, and that is by keeping "the weapons of war out of the hands of the international outlaws of North Vietnam." In this sentence, he ignores 900 years of history, which show that Vietnam has been a single country most of this time, and seldom separated except by foreign intervention. The North Vietnamese are Vietnamese, and they have not crossed any international border by coming into the south. We have to face the fact that American forces in Vietnam are the ones who have crossed an international border, not the Vietnamese. And by our own pride in the body counts we admit that we are doing far more killing than they. The way to stop the killing, and Mr. Nixon does not see it, is for us to stop the killing.

After mining the harbors without our knowledge, Mr. Nixon has offered "generous terms" to the Vietnamese, with the threat to activate the mines if the terms are not accepted. Mr. Nixon states that his terms do not require surrender and humiliation on the part of anybody. But the mere acceptance of these terms mean the surrender to his threats to mine the harbors, prevent commerce on the internal waters, and cut off rail and all other communication to the fullest extent possible. Acceptance also means acquiescence in the continuing presence of our naval and air power. The terms also allow the continued arming of the Thieu government without limit.

Mr. Nixon shows concern for "all the nations which have suffered in this long war - Cambodia, Laos, North Vietnam, South Vietnam," and nobody is better qualified to show concern than he, since he is the one who has caused most of the suffering.

He has threatened Russian ships and shipping in a way that would lead us to war if we were so threatened. At the same time, he has told the Russians that we are on the threshold of a new relationship that can serve the cause of world peace, and that if the relationship fails, it will be the fault of the Russians.

Mr. Nixon says he wants peace at the very time he expands the war. He fears that peace today may lead to another war tomorrow, and he feels that it is wiser to be in an actual war today than to face the mere possibility of a war tomorrow. He protests that this war was forced upon us by an enemy that has contempt for peace overtures, whereas the Vietnamese have suffered so much that they have every reason to want peace more than anyone else in the world. The war was not forced upon us by the Vietnamese but by our own leaders.

Mr. Nixon's address shows that we have a Commander-in-chief who continues to ignore one of the first rules of war - to know your enemy. A thorough knowledge of Vietnam would have told him long ago that Vietnamization would never succeed. Now that he is trying to save a poor situation by hasty expedients, he should be relieved of his command before he buries us still deeper in a struggle that we never should have entered.

## Little League

### Pennant Races Tightening

By Rick Harrison

Pennant races have started to form in both divisions of the Andover Little League, as the season approaches the halfway point and each game becomes more-and-more important to the contending teams.

In the American League, the top four clubs are separated by only one game in the standings through last Monday night's action.

The first-place Tigers are 5-2, but breathing right down their neck are the White Sox 5-3, Red Sox 4-3 and Twins 3-2.

In the National League, the undefeated Giants 5-0 are still the team to beat. However, their lead on the perennially-powerful Cardinals 4-1 is just one game, and those rivals still must face one another three times.

Top pitching performance of the week was turned in Monday night by Mike Henderson of the Al White Sox. Mike fired a one-hit shutout as the Sox upset the Tigers, 4-0.

Giants 8, Mets 1 - Lee Apgar fired a three-hitter as the Giants coasted to their fifth straight victory.

Kevin Lynch's timely double was the big blow for the victors, and Jimmy Lee backed Apgar's hurling with some fine defensive play at shortstop.

Andy Bixby turned in an excellent all-around effort for the Mets, who are enjoying one of their best seasons in years.

Pirates 18, Braves 5 - Hard-throwing righthander Steve Serley picked up his first pitching win of the season, tossing a two-hitter and fanning seven in a game called after five innings.

The fifth game was the big one for the Pirates, who exploded for 10 runs to bust the contest wide open.

Serley helped his own cause with a solid double and single. Tom Fogarty and Mark Gould lashed a pair of safeties each, and Jim DiTroia sparkled defensively at both second and third base for the victors.

Danny White touched Serley for both Braves' hits, a brace of singles in the second and fourth frames.

Cubs 19, Mets 9 - The Mets jumped out to a 5-0 lead in the first stanza, but it wasn't to be as the Cubs dominated play the rest of the way.

John Walsh and Dennis Monroe carried big bats for the Cubs with two hits apiece. Paul Farnham chipped in with one safety to back the seven-hit, seven-strikeout pitching of winner Joe Davelis.

Ron Jones and Jeff Hudgins made sure the Mets remained quiet with some flashy defensive plays.

Losing chucker Tom Coffey and

Chris O'Hara did most of the damage for the Mets with two hits each.

Mets 12, Braves 3 - This time it was Tom Coffey's turn to shine, as he twirled a two-hitter and whiffed eight to gain the mound triumph.

Tommy aided his own cause with 2-for-3 at the plate. Other Mets' stars were Chris O'Hara with a double and single, and Kenny Southworth with two hits.

Mets' shortstop Steve Morin and third baseman Southworth also played "heads-up" defensive ball. O'Hara almost stole the show, however, with an over-the-shoulder diving catch of a Texas League pop-up early in the game.

The two Braves' singles were delivered by Alan Judkins and Paul Keefe.

Cards 8, Pirates 1 - Winning hurler Keith McIntyre and Jim Arnold shared the mound duties for three innings each, combining for a three-hitter to shackle the Pirates.

Big stickers for the Cards were Tony Sanchez with a long triple and Gary Needham with a solid two-bagger.

The Pirates' lone run came in the top of the sixth when Lennie Driscoll lofted a homerun over the Playstead fence. It was the first four-bagger of the year in the National League.

Braves 10, Cards 4 - No details on this game were available at presstime, but it ranked as one of the major upsets within recent years.

The Cards had been undefeated while the Braves were winless entering the contest.

Red Sox - - - - - 4 - 3  
Indians - - - - - 1 - 4  
Yankees - - - - - 1 - 5  
White Sox 4, Tigers 0 - Mike Henderson pitched the first shut-out in the American League this season, handcuffing the Tigers on just one hit while fanning eight.

The Sox pushed across three runs in the bottom of the first, and then added one for good measure in the third frame.

The only hit off Henderson was a clean double by Dave Alexander in the fourth inning.

Mark Hinds lashed an RBI double for the winners, and Ray Lynch chipped in with a two-run single in the first.

Mike DeSalvo, Matt Mirisola and Henderson also stroked singles for the Sox.

Bob Kramer was the losing chucker, and Neil Faigel was a defensive standout at third base for the Tigers.

Red Sox 6, Twins 3 - The Red Sox, who have now captured three

straight, spotted the Twins a 3-0 lead in the first inning before bouncing back with four runs in the bottom of the second.

Winning pitcher Randy Hayman and Kirk Sweeney combined for a nine-hitter and nine strikeouts.

Loser Jerry Stabile and one-inning relief man Dean Russell allowed six hits.

Bob Zwicker had two hits and two RBIs for the Sox. Sweeney ripped an RBI double and Tim Dubois added a two-bagger. Ten-year-old John Cox came through with a timely RBI single.

Stabile went 3-for-3 and Manny Silva was 3-for-4 to lead the Twins. Greg Nicastro drilled a two-run single in the first.

Eric Ketzler handled five chances flawlessly at second base for the victors, while shortstop Keith Eosefow and second baseman Willy Nikonchuk starred defensively for the Twins.

Tigers 9, Indians 4 - Bob Karmner worked the first three innings, and Dave Alexander mopped up over the last two, in a rain and darkness shortened, five-inning battle.

The two hurlers combined for a two-hitter and 11 strikeouts.

Ricky Collins clouted a solo homerun (and this one counted) for the Tigers. Ken McKenzie hammered a two-run triple and Kramer laced a two-run single.

Kirk Skinner and Ed Comeau collected singles for the only Indians' hits. Rick Comeau was the losing hurler, and rookie Kevin Fogarty sparked defensively at shortstop for the Indians.

Red Sox 10, White Sox 6 - The host of heavy hitters for the victors were led by Bob Zwicker, Randy Hayman, Steve Curtis and Kirk Sweeney.

Sweeney also could have been arrested for thievery after stealing four bases during the game.

White Sox 9, Yankees 8 - Mike Henderson made it two victories in one week by stopping the Yanks during a brief relief stint.

Brian Bresnahan and Henderson laced RBI singles, while other key Sox safeties were by Ray

Lynch, Mark Hinds and Steve DeSalvo.

The Yanks only managed three hits - all singles. Dave LaFleur had two of them and Phil Weeks collected the third.

Tigers 7, Twins 4 - Ray Rau chalked up his third pitching win by going the distance on a five-hitter.

Ricky Collins sparked the Tigers with two doubles and a single, while Bob Kramer lined a solo homerun over the scoreboard in centerfield.

Jerry Stabile and Dan Bolduc clubbed doubles for the Twins. Greg Nicastro absorbed the defeat in relief.

Ricky Collins, although he was guilty of several miscues, still starred defensively at shortstop for the winners. He handled a bundle of chances, most of them hard grounders and tricky hops.

## Parrotta 'Fair Day' Chairman

Ralph Parrotta, an Andover resident, has been named co-chairman of the Greater Lawrence area for the third annual "Fair Day," a major fund raising event for the Christian Formation Center, River Road. "Fair Day" will be held on Sunday, June 25, rain or shine, from 12 noon to 6 p.m. Myrtle Kisilek is co-chairman for the Greater Lowell area.

According to the Ralph Parrotta, CFC friends, old and new, young and old, have been meeting since January to plan what promises to be the greatest "Fair Day" for families yet to be held at the Center.

As in the past, there will be various booths and activities such as white elephant, arts and crafts, snack bar, jewelry, religious banners and articles, bakery products, a "Polish kitchen," and fun and games for the young in heart.

Many other booths will be added this year with many more attractions for younger children. The theme and atmosphere of a "country store" will dominate the whole event.

Committee members from the Greater Lawrence area include: Frank Hart, Gerri Hart, Vincent McGravey, Marie Garand, Laurelle Parrotta, Joyce Rossitto, Rita Flynn, John Pennisi, Sue Pennisi, Connie Andronico, Jane Lancaster, June Lizak, Phil Laverriere, Laurie Laverriere, Claire Lucas, Kathy O'Brien, Bob Kelly and Charlene Yelverton.

## Trip Camp Planned

This summer the Andover YMCA will again conduct its Trip Camp for boys and girls 8-12 years of age. YMCA Physical Director Walter J. Kimball, Sr. will direct the program assisted by a staff of YMCA leaders and junior leaders.

Basically, the Trip Camp program calls for bus trips on Mondays, Wednesdays and Fridays of each week beginning the week of June 26. Interested individuals may register beginning June 14 and those who are registered will receive weekly descriptions of planned trips for which they may enroll a week at a time. Thus a week's trips may be interjected between other summer projects of a youngster.

Among the planned programs for this summer are excursions to a Red Sox ball game, deep sea fishing off Newburyport, Lawrence YMCA Day Camp, Haverhill YMCA Island Camp, Hampton Beach, Kingston State Park in N.H., Bear Brook Reservation in New Hampshire, Bensen's Wild Animal Farm in Nashua, N.H., etc.

## Hoop Clinic Is Offered

A boys basketball clinic will be offered as part of the Andover Secondary summer school program. It will be conducted from 10:30 a.m. to 12 noon daily at the high school from June 26 through Aug. 4.

The major purpose of the Clinic will be to develop the basic fundamental skills needed to play and enjoy the game of basketball. Programs will be developed for each individual to improve his coordination, agility and strength.

Games will be played within the Clinic and with nearby summer camps. Films, skill lectures, and basketball teaching aids will be incorporated into the program.

The Clinic will be conducted by the High School Varsity Basketball Coach Will Hixon, and a member of his staff. The Clinic is open to boys who are currently in grades 8 through 9.

## Traveler Assistance Course Set

Planning to travel or tour Europe in the coming year, but worried about the language barrier -- Merrimack College's Department of Modern Languages hopes to aid the conversational skills of would-be travelers this summer by offering extension courses in Conversational French and Spanish.

The courses in Conversational French and Spanish are especially designed for travelers who wish to acquaint themselves with the basic elements of conversation in everyday situations abroad. Modern Languages Department Chairman, Prof. Paul Lonardo, states: "In brief, we hope to

assist tourists and business people in the Merrimack Valley in gaining a better fluency in French and Spanish and, hence, a deeper appreciation of their experiences in Europe."

The eight week program which does not require any previous training in French or Spanish begins June 12. The classes will meet three nights a week on Mon-

days, Wednesdays and Thursdays. The course in Conversational French will be conducted by Prof. Richard Boulanger of North Andover and the course in Conversational Spanish will be taught by Prof. Paul S. Brown of Andover.

Those wishing further information should call the Part-Time Division of Merrimack College.

## Results In National Minor Lg.

Braves 13, Phillies 8 -- Billy Scheerer was the star of the game for the Braves, pitching and winning his first game, as well as sparkling at the plate. Robby Serbagi hit two for two including an over-the-fence homerun.

## Patients In Visit To Rockport

Recently, two lucky ladies, Vera Barbette and Mabel Tardiff had the opportunity to be taken on a sight-seeing ride in an ambulance to Rockport with two aides.

The unusual part of this is they are patients at Pine Crest Nursing Home in North Andover. These patients went on an outing thanks to Para Tours, Inc., a non-profit organization concentrating on the bedridden shut-in who has use of his faculties but is unable to go out in a car.

Para Tours has no salaried employees and all the time given to the promotion of this cause is donated.

The pleasure of this ride is expressed by Mrs. Tardiff in her statement, "I haven't been able to go out in over a year, the scenery, the flowers beginning to bloom were just beautiful. The trip was wonderful, simple wonderful!"

## Tigers Claw American Lg. Opposition

The Tigers continued their unbeaten string in the Andover American Minor Little League with two victories this past week.

The Tigers outscored the Orioles, 16-7 with Terry Reilly pitching and David Heidt providing the punch, a two run double and a grand slam home run.

For the Orioles, Robert Reilly crashed a homer and a double and Chris Allen had three for three in a losing cause.

The Tigers had more trouble against the slick Senators and relied on a big individual performance from Brian Brown who pitched and hit a triple and three-run homer.

The Senators picked up two victories to put them in third place. They nipped the Angels, 8-6 aided by a big five-run first inning with six walks. A triple in the second by Jeff Rosen and doubles by Larry Starr and Charlie Singer accounted for two more runs. Hits by Eric Carlisle and Scott Hill in the fourth completed the Senators scoring. The Angels rally included a home run by Kevin McDade but good Senator defense including a great centerfield catch by Charlie Singer kept the rallies short.

The Senators also upended the White Sox, 18-10.

The Red Sox won two big ones, the first being an 8-3 win over the White Sox. The White Sox scored three runs in the first to scare the winners, but David Livingston settled down to pitch shut-out ball the rest of the way. Terry Schwing made a great grab at shortstop to rob the White Sox.

The Red Sox won a real thriller over the Patriots, 10-9. Mike Beltracchi collected two hits and caught a great game while David Livingston slammed a triple and single.

For the Patriots, last year's town champion, Tim Cronin pitched with excellent control and Mel Berger banged two hits and stole four bases to set up big runs.

The Patriots also lost a tough one to the Orioles, 6-5 with Heydon Traub losing to Doug Mesler but rebounded to defeat the Yankees, 7-4.

The Angels won a big one over the Orioles 22-9 to get back on the winning track. Rich Rotolo pitched walkless ball, striking out five in three innings for the Angels. Kevin Lafferty delivered an over-the-fence-into-Rogers Brook homer and a double to pace the winners. Rick Welch had three hits, Rich Rotolo a double and single and Richard Marciano a triple and single.

Marciano also sparkled on defense around second base.

For the Orioles, Mike Franese banged two doubles and Stephen Neyman and Doug Mesler each doubled.

The White Six won their second game with a 13-12 squeeze over the Yankees.

**READY FOR TRIP.** The Andover High school students planning a trip to Russia beginning next week, received a financial boost from the Punchard-Andover Alumni Association this past week. Students Mike Yeats and Kathy Sheehy look over the check with Mrs. Dorothy Gocłowski, teacher who will accompany the youngsters on the Soviet educational tour.

## Students Following Nixon Tuesday On Russian Trip

Moscow-bound at last! The Andover High School Russian trip will get underway Tuesday, after a long winter of preparation and moneyraising, and a spring of rescheduling and suspense.

The suspense; would the club earn enough money to help students go? The fare was unexpectedly raised, to meet Russian accommodations, placing a severe strain on some students who were committed to go at the initial fare. Trip planner, Mrs. Dorothy Gocłowski and the Russian Club are grateful to the Andover Alumni Association, whose check for \$125 this week is helping.

Would Intourist, the Russian travel agency, clear or cancel the trip at the last minute?

This is always a cliffhanger situation, since Intourist traditionally delays clearance until just days before a trip is scheduled. But Intourist has cleared the trip, possibly on the theory that what's good for Nixon is good for Andover High School.

As a matter of fact, the 21 travelers, built around a nucleus of the Andover High School Russian Club, will barely miss Nixon, and possibly cross his path, on their trip.

First step will be Krakow, Poland. A Polish professor the Gocłowskis met this fall at the University of Massachusetts will be waiting for the group. He has arranged for a Polish student with some knowledge of English to accompany each student for a day in the Polish schools, and another day touring Krakow.

Warsaw comes next, and here "Mrs. Go-Go" has other friends to show the group the sights of the city and Warsaw family life. Here also, they will just miss, possibly cross paths with, President Nixon's party.

Moscow at last, for three nights. They have obtained rare clearance for students to visit the Russian schools, and spend time with Russian students outside of school. They will also visit Moscow's famous sights: the famous art museum, The Hermitage; Lenin's Tomb; the Kremlin Wall, cathedrals.

The Andover group next will proceed by train through the Russian countryside to Leningrad, to compare this older Russian capital with Moscow. After four nights in Leningrad, they leave for Vienna, Austria.

Andover-In-Russia will spend two nights in wide-avenued Vienna, with its parks and castles and sauerbraten, before returning to Andover, 21 days after setting out.

Andover High School students traveling to Russia are Robin Jacobson, Debra Carrier, Craig MacDonald, Karen Dow, Janet Perry, plus her cousin Scott Simonds, from Maine; Michael Yeates, Kathy Sheehy, Diane Sciuto and Diane Rau. Two junior high students will be along, Lisa Gocłowski from West Junior High and Mark Davis from East, and Michael Gocłowski from Phillips Academy. Harry Somers, a high school graduate of last June, will accompany them, as well as Charlotte Skroski, a Russian major and former Russian teacher. Chaperones for the trip are Mrs. Gocłowski and Roger Thurber, several other adults from the University of Massachusetts are also scheduled to come.

The Andover schools are sending a camera and lots of film to Russia with a request to bring back slides of the East European cities and the days and nights in Russia - its monuments, its streets and its people. These will become an educational resource of the Andover school system, when the voyagers return.

The educational part of the trip started last fall, when teachers and students began to plan the trip.

The Russian Club and friends have worked hard, selling everything from pencils to baked goods, organizing a fun fair and other projects to bring the trip within grasp of students who wanted to go.

Students who have signed up for the trip have stayed after school and met evenings to study customs, monetary systems and etiquette of the countries involved. Even the younger students who haven't studied Russian before are required to learn the Cyrillic alphabet, and communicate numbers, time and dates with their Russian hosts. The education has been going on long before the plane leaves Logan airport for Krakow and Moscow.

## Appeal For Peace Issued

A call for citizens to use prayer in bringing a "peaceful and prompt solution" to the Vietnam conflict was made at First Church of Christ, Scientist, in Andover Sunday.

Ivan Bartlett, First Reader of the church, read a message from the five-member Christian Science Board of Directors in Boston, which was issued to the 3,200 Christian Science churches throughout the world.

"No one can outline for another how to pray, nor do we in our prayers attempt to outline specific solutions for human conditions," the message stated. "But let this not prevent us from joining in the deepest confidence that prayer does avail."

"It is our conviction that prayer is deeply needed and of vital importance at this time. We believe that all of us must now be counted upon to do our full share in bring-

The Christian Science Monitor, the denomination's international daily newspaper, recently urged in a front page editorial that prayer be used in approaching the Vietnam problem.

"Peace has always been elusive," the editorial said. "But by men's raising their vision above the evidence of battle to the spiritual norm of harmony and peace, the inspiration and courage to secure peace will be found."

The Monitor editorial added that "it is in a willingness to see that peace is above and yet available to the participants, supported in a divine plan and impulsion for harmony among men, that efforts toward peace can begin."

Appointed  
As Acting  
Director

Dr. Cornelius Vermeule, Senior Curator of the Museum of Fine Arts, will act as Director starting July 1, it has been announced by George C. Seybolt, President of the Museum. Perry T. Rathbone, director since 1955, will retire June 30.

In announcing Vermeule's appointment, Seybolt said, "I'm very pleased, on behalf of the Board of Trustees, that our Senior Curator has agreed to take on the additional responsibilities of guid-

ing the institution during this important interim period. The new permanent Director of the Museum will be announced when the Search Committee, made up of staff members and trustees, completes its deliberations and makes its choice."

Dr. Vermeule, a distinguished scholar, who has been Curator of the Department of Classical Art since 1957, has taught at Bryn Mawr and Harvard, and in 1969-70 was Visiting Professor of Classics and History of Art at Yale University. He has published numerous articles and books on classical art, archeology, and the Far East. He received his B.A. in 1947 and his M.A. in 1951, both at Harvard; and his Ph.D. at the University of London in 1953. Dr. Vermeule is a resident of Cambridge, where he lives with his wife Emily, the Zemurray-Stone Radcliffe Professor of Classics and Archaeology at Harvard, and their two children, Emily Dickinson Blake and Cornelius Adrian Comstock.

On accepting the appointment, Dr. Vermeule commented, "It is a great privilege to be asked to be the spokesman for the distinguished group of curators and staff which Perry T. Rathbone brought to the Museum. I am cognizant of the great responsibility implicit in helping to guide the affairs of the second most comprehensive museum in the Western Hemisphere, but I am happy to serve in any capacity the Museum and its trustees request of me. I should again stress that this is an interim appointment. I am first of all a teacher and a curator whose aspirations lie with the growth and development of the Museum's collections, and their meaningful educational presentation to the widest possible public."

Art Group  
To Present  
Noted Film

By special arrangements, The Lowell Art Association and The Renaissance Film Society, Albert Santerre, director, is proud to present the first public New England showing of Bryan Forbes' production of Jean Giraudoux's famed and celebrated "The Madwoman of Chailloit" starring Academy Award winner Katherine Hepburn. The film will be screened once only on Friday evening May 26 at 8:15 p.m. in the new Parker Gallery of the historic James Abbott McNeill Whistler House, 243 Worthen St., Lowell.

Produced in 1969, the large international cast includes Margaret Leighton, Yul Brynner, Danny Kaye, Charles Boyer, Claude Dauphin, Edith Evans, Richard Chamberlain, Giulietta Masina and Donald Pleasence. The award-winning color photographer, Claude Renoir, did the location shooting in scenic suburban Paris.

A doomsday fable about the last stand of European gentility against the forces of materialism, "The Madwoman of Chailloit" succeeds in creating a work of gentle humor and whimsical satire with the ironic comment that the one person sound enough to frustrate all the madness in the world is the poor old madwoman. The madwoman in this screen adaptation by Edward Anhalt is portrayed by Katherine Hepburn who organizes a group of people to oppose an international cartel of robber barons in Paris. The meek of the earth now sit in judgment on the rapacious to then bury them in their own greed. A large international cast was assembled to interpret the many colorful roles in the fable.

The school staff now has a two year timetable to incorporate continuous progress and flexible programming where they do not already exist.

The newly defined assistant superintendent's position will be advertised widely, Dr. Seifert said, but encouraged interested persons within the system to apply.

A 1965 survey by the Interior Department's Bureau of Outdoor Recreation found that Americans walked for pleasure one billion and thirty million times during the summer of 1965. Projections show Americans will walk for pleasure one billion, five hundred and thirty-nine million times in 1980.

We have from time to time commented on Andover's ambulance policy.

Within the past year, a committee studied the ambulance service for the town, made recommendations and established policy, which the town now follows.

There remains, however, an irritant which remains unresolved, namely mutual aid calls.

Recently, the Andover ambulance was summoned to assist at a tragic accident in North Andover. It was strictly mutual aid, a system employed by fire departments at general alarm fires.

The accident victims were billed by the town of Andover for the service rendered by the local ambulance. Those taken by the North Andover ambulance were not billed.

Those involved in the accident were all North Andover

## The Dump

As may have been predicted, the selectmen will leave the ultimate decision on the selection of a new site for the town dump up to the voters at town meeting.

While the board, Monday night, said they would make a recommendation as to a specific site, there will be an alternative offered the voters when the subject is brought up at town meeting, anticipated to be in the October session.

The only thing accomplished Monday night was the establishment of a timetable and the possible acceleration of hearings regarding the health department viewpoints on the Lowell Junction and Woburn street sites recommended by the consultants.

The selectmen's plan now makes it possible to come up with a solution in October to a problem which is in need of immediate attention.

The major problem with the particular proposal as offered by the board, is that the ultimate solution will be decided by the numbers game.

Of major concern now, should be a thorough examination of cost factors and longevity of the site to be recommended.

Fully cognizant that no one wishes a dump in their back yard, the board must weigh this against the acquisition and maintenance costs of the two sites.

It is felt that while Lowell Junction could be less offensive to abutters, its cost of acquisition would be high, due to its industrially zoned classification.

There is one tempering thought which should underly all site considerations.

The new site is to be operated as a strict sanitary landfill operation in accordance with state health standards.

As one resident pointed out Monday night, every effort should be made to make the new dump an asset to the town.

This is not only possible, it is mandatory.

The important thing now is to be mindful of the decision to be made in October and to be examining all facets of that decision, based on what will be most beneficial for the community as a whole.

The matter is of such magnitude that it requires sound thought and time, rather than the mustering of numbers to make an ultimate choice.

## Good Move

The selectmen went on record this week in requesting Gov. Francis W. Sargent to veto a bill which would allow collective bargaining between employees and towns or cities to go to compulsory arbitration.

The bill has passed the senate and house and awaits gubernatorial action.

Selectman Alan F. French has personally, at the board's request, contacted the local legislators and is conferring with the governor's legislative aide in registering the town's opposition to the proposal.

Main point of the administrator's objection is that subjecting negotiations to a third party, leaves the taxpayers without a voice.

Also, it is a further encroachment by the state to take from the hands of municipal leaders decision making rightfully belonging to the towns and cities.

Hopefully, Gov. Sargent will exercise his veto power when the bill is presented for his signature, striking another blow for the taxpayer and home rule.

While on the subject, we might also express our appreciation to Representatives James P. Hurrell, William G. Arvanitis and Edward Grimley, for expressing Andover's point of view and opposing the issue in the General Court.

## The Ambulance

residents. However, had they not been inhabitants they would have been entitled to the same free service provided by the town.

Due to the number of persons involved, additional ambulance service was required, thus the call to Andover. Under such emergency conditions, and through mutual aid agreements, we feel such service should be performed in accordance with the policy of the town requesting aid.

Had the situation been reversed, North Andover would have assisted without compensation.

Before closing this commentary, we must add our compliments to the Andover's efficiency in dispatching the bill for the ambulance service in time for the patient to savor it while nursing the wounds and breaks the following day.

Such 'savoir faire' should not go unnoticed.

## Off The Top Of The Desk

Latest listing under the heading of dangerous occupations is that of golf ball retriever.

A story in a national newspaper this past week told of the hazards of the occupation as portrayed by one professional retriever.

He indicated that risk incurred include confrontation with alligators, snakes, weeds, etc., in pursuing some of those expensive Titlists smacked errantly into varied bodies of water.

Needless to say the reporter found his 'retriever' in Florida.

The young man reportedly was making a comfortable living in his nocturnal visitations to water hazards on golf courses.

The TOWNSMAN is happy to report continued growth during the current year.

With this week's edition, we are publishing the largest total of classified advertising lineages ever carried in these columns.

The increase is in line with the added display advertising and news coverage of the past several months, during which 40-page papers have become almost standard, as compared to the 28 to 32 page papers of a year ago.

It is our hope to be able to continue to grow with the community we strive to serve.

In keeping with the May theme of Cub Scouts, members of Pack 102 Bancroft school recently cleaned and raked a portion of Stinson Road.

The group was under the direction of Mrs. William Coderre and the young, public-spirited and environment conscious youngsters did a commendable job in their spring cleanup efforts.

Memorial Day Weekend is one of the nicest. We remember our beloved dead and we do fun things with our families and close friends. This weekend ties the past and the present together.

But what about the future? There wasn't any on this weekend for 740 people in the United States last year. They were killed in motor vehicle accidents. Think

about it. How would you like to have been in their families or one of their pals. A fun-filled weekend turned into a nightmare by the crash of steel auto bodies which left horribly broken and mangled human bodies.

You can change that this year. Take heart. Dedicate yourself to a Memorial Day Weekend of safe, alert, defensive driving. You can do it. Do it. You! You! You!

Two priests at St. Michael's parish, North Andover, observed significant anniversaries this past week.

Rt. Rev. Msgr. William A. Long, pastor, observed the 45th anniversary of his ordination to the priesthood. The Monsignor was ordained the same day Lindbergh made his historic flight, May 20.

Also observing the anniversary of his ordination was Rev. James C. Shaughnessy, assistant at the parish, who was ordained 35 years ago this past week.

It may lose something in the translation from the youngster's handwritten note of appreciation, but we feel it worthy to pass along the following thank you note sent to Bon Secours Hospital from a five-year-old who was honored recently at a general birthday party there. On a single continuous line addressed to "Bon Secours Hospital 1967 party committee Methuen Mass, was written "thank you for the birthday party and blons and the toth brush I love you Kathy."

Andover's first town manager Thomas E. Duff may no longer be in Andover, but the problems are similar no matter where managers go it seems.

Now a manager in Barre, Vermont, Duff reported in a Boston newspaper recently that the city is working diligently to abate pollution problems that have existed for some time.

The city, he noted is engaged in constructing a secondary sewage treatment facility, sanitary landfill operations and a project to improve the city's water supply.

plies that the town uses central purchasing.

Therefore, it is suggested that business of this committee, immediately, is an in-depth study of why the town has a program of buying water and sewer pipe in accord with "splitting the business" between cast iron pipe and cement asbestos pipe suppliers rather than at the lowest cost to the town. Then order this practice stopped.

This corrective has become imperative from another aspect now that the salt used on highways has started to accumulate in amounts destructive.

Cast iron pipe can be disinte-

## Memorial Hall Library

### Films

A month of great films is in store for everyone during June. Every Thursday Memorial Hall Library will show some of the most artistic films of our time. Mothers and children, students, vacationing relatives - all are cordially invited to take part in the June Film Festival. Brochures are available at the library. The program will be held in the Memorial Hall every Thursday at 3:30. The schedule of films is listed below: June 1; Dance, New York City Ballet and Andres Segovia, Guitar; June 8; Degas, Master of Motion and Wanda Landowska; June 15; The World of Andrew Wyeth and Pablo Casals; June 22; The Red Balloon and Igor Stravinsky; June 29; The Vision of William Blake and Jascha Heifetz.

### Art Festival

The May Festival of the Arts is over and Memorial Hall Library would like to thank everyone who took part in the programs, as well as to applaud everyone who came out to support the ones who took part. There was fine cooperation all around. As a result of the success of this year's Festival, Memorial Hall Library is already planning its third Festival of the

Arts which will take place in May, 1973.

### Closings

The library will be closed from Saturday, May 27 at 5 p.m. until Tuesday, May 30 at 9 a.m.

Saturday and Sunday closings for the summer months will begin on Saturday, June 17 and Sunday, June 18.

### Childrens Room

Have you had a chance to become an artist in the Children's Art Festival being co-sponsored by the Andover public schools and the Children's Room at Memorial Hall? Today is your last chance! Put on those play clothes and come help first graders from Doherty fingerprint a mural on the Library lawn!

Many thanks are due the ambitious art teachers of the school department who contributed hours of assistance to the successful programs throughout the festival week. On Monday, Miss Sarah Luce of Sanborn and Shawshen schools coordinated a demonstration of straw-loom weaving to the delight of those who watched as well as those who brought yarn and tried the techniques themselves. Tuesday brought teacher Bob Gillespie from

West Elementary with some experts at scratchboard art, and Wednesday was tie-dyeing day, courtesy of Miss Jean Goldman from South and Shawshen. Miss Ann Foley will direct today's program with the Doherty painters. The Children's Room will be brightened with displays of the objects made until the end of the school year, and will additionally highlight articles made by Bancroft students (who could not demonstrate in the program because of conflicts with their own art festival).

Regular programs in the Children's Room were cancelled this week because of the Art Festival, but will continue normally after today. Dramarama groups (grades 1-3 at 10 a.m. and 4-6 at 2 p.m.) will meet on Saturday, and VIBOR, the PJ Party, the Film Frolic (showing "White Mane"), and Growing, Growing (on Saturday, June 3 at 2 p.m.) will meet at their scheduled times next week. Littlest Listener registration will continue until all four groups of 20 have been filled. Places are now being filled quickly, so hurry with your registration!

Summer program schedules will be delivered to the schools before summer vacation begins and will be available at the Library the first or second week in June.

Have you noticed the newest addition to the Children's Room?

## Music To Our Ears

By Edward P. Grigoli  
Director of Music

There is no topic about the Fine Arts, especially Music, that is more interesting and elusive, yet so ancient and worldwide, as the inquiry into why certain persons are able and moved to create, why their creations are so individual, and why the appreciators throughout the world, both civilized and primitive, react to the same work of art so differently. These questions have many explanations, but few agreements.

Plato, the "Father of Greek Philosophy," used the word "pathos" to connote those qualities which when incorporated in a work of art, arouse in the appreciator such emotions as pity, compassion sympathetic sadness, melancholy, and often a detached pleasure in their contemplation. Aristotle, his principal pupil, believed the real essences in a work of art and the consequent reactions of the appreciator to be what he called "ethos." This term implied those characteristic qualities in a work of art that invested and aroused in the appreciator to move universal ideals, such as nobility of spirit, dignity, morality, ethics, the highest type of virtue in character, and intellectual ideas. These definitions seem to anticipate to some extent the connotations of the more modern term "empathy". It is interesting to observe that the connotations of the Greek pathos and ethos persist in the consideration of the arts of our time, although the styles and techniques may differ greatly.

expense, day after day. As electricity increases in cost and scarcity this latter characteristic becomes vital.

It would seem then that it is obligatory upon the water commissioners to provide and publish an explanation of this costly aspect of town manager government for review by the new committee. In the meantime it is hoped that the League of Women Voters will recognize its responsibility.

It strongly urged town meeting to adopt manager government because of its economy. Welcome would be independent study made by the League of this matter then have its report published when the Purchasing Review Committee publishes.

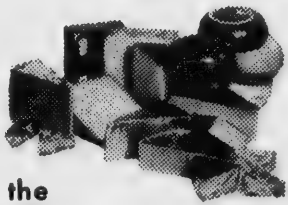

It is disconcerting when an entity promotes a plan then stands on the sidelines when its flaws are revealed.

## Wine Wisdom by John Mead

## GERMAN RIVEROLOGY

Named after the rivers upon whose banks they grow, the most notable German wine regions are; the Rhinegau, Rhinehessen, Rhinepaltz, Mosel - Saar - Rewer, Nahe and the only exception Franken.

The Rhinegau is a twenty mile stretch of hills along the north bank from Wiesbaden to Rudesheim. Hessa or the Rhinehessen is an immense flat plain south and west of the Rhine below Mainz. It was from this area that the mercenaries known as Hessians, who fought under the English flag during the American Revolution, were recruited. All wine known as Liebfraumilch comes from this region of Germany.

The Rhinepaltz is composed of the lush and fertile fields lying along the base of the Haardt Mountains west of the Rhine north from its confluence with the Neckar River south to the French border.

The Mosel River, beginning in France and entering Germany

along the Luxemburg border where it is joined by the Saar and Rewer Rivers, flows north along a serpentine path to the Rhine at Koblenz. Grapes are grown all along these rivers in Germany which are collectively known as the Mosel - Saar - Rewer region.

The Nahe and Franken regions are considered secondary wine regions although the best of either far outshine the secondary vineyards of the other regions. The Nahe region lies north of the river and is centered around Bad Kreuznach which headquarters the shipping firm of Paul Anhauser, cousin of the Anhauser of Budweiser fame, and whose wine labels everyone probably recognizes.

Franken wine is shipped in a squat, round bottle known as a Bocksbeutel and lying on the north bank along the Main River Frankonian vineyards lie in the heart of the beer country of Wurzburg.

## G. L. Chamber To Guide Consortium

The Greater Lawrence Chamber of Commerce has been awarded a contract by the U.S. Department of Labor to administer its second NAB/JOBS '70 Consortium (National Alliance of Businessmen).

According to Robert J. Alongi, Chairman of the Chamber's NAB/JOBS '70 Task Force, the work-

training program will provide 28 jobs. It is expected that some of the positions will be filled by returning Viet-era veterans, others by disadvantaged individuals seeking job training.

People interested in applying for one of the jobs should contact the Lawrence Division of Em-

ployment Security on Canal Street.

In conjunction with on-the-job training the new employee-trainee will attend job-related education and orientation classes. The former two components will be conducted by City of Lawrence Adult Basic Education.

Throughout the program the trainees will receive special counseling to help them overcome any problem that arises on or off the job.

participants in the program. They are: Admiral Folding Box Co., Inc.; Arlington Trust Co.; Bay State National Bank; Bosse's Radiator Service; Cherry and Webb Company; Craig Systems; Eagle-Tribune Publishing, Inc.; Essex Broadway Savings Bank; Prudential Insurance Company of America; A. B. Sutherland Company; Western Electric Company.

Partridge the thanks of the town of Andover for her long years of service.

Clapp told the committee at this second discussion that Pica had been recommended over other applicants. He said that although Clark had no previous regular teaching experience, he was a practice teacher at a Wisconsin IGE school, was highly recommended and the system was eager to appoint him.

## Honor Group

A chapter of Pi Sigma Alpha, the national political science honor society, has been established at Colby College and six students have been initiated as charter members.

The Zeta Kappa chapter was formally installed at the college with a luncheon at which faculty members from the government department and the six new inductees were guests.

Prof. Paul Jensen, dean of the faculty and an honorary member, presided.

Among the charter members of the organization is David Konjoian, son of Mr. and Mrs. Michael Konjoian, 221 Chandler Road. He prepared for college at Andover High school.

Faculty from the government department who will be members of the chapter are professors Albert Mavrinac, Guenter Weissberg, Paul Sacks, Sydney Rosen, Louis Maisel, II, Sidney W. Farr and Jan Blits.

posed to be devoid of vermin and neat in appearance as well as operated in such a way as to eventually become developable for municipal or residential construction.

One speaker noted that while no one particularly cared for having a dump in their neighborhood, the town should make every effort to make the new operation an asset to the town.

The selectmen said it was their intent to do just that.
